MEDICAL INFORMATION AND CONSENT

Although the Idaho Department of Juvenile Corrections (Department) is not your legal guardian, it does become the legal custodian during the period of commitment. Idaho law requires that the Department, as legal custodian, provide reasonable health care to each juvenile in its custody. This form provides both information about the types of health care and testing the Department is legally required to provide, even without your consent, and identifies other items where your consent or denial is needed before you can participate. Please read carefully. If you have questions about any of these items, please ask staff to explain.

MEDICAL CARE AND TREATMENT

Your input about your medical situation is always valued by the Department and will be sought whenever possible. The Department will always attempt to notify you of any medical care (other than routine) that you receive, but your prior written consent is not required for the Department to provide these services:

1. **Routine Medical Care:** The Department is required by law to carry out the responsibility for care involved in treatment of illness and injuries to you. This may include examinations, immunizations, x-rays, laboratory procedures, blood draws, medication administration, first aid, and urinalysis. Provided, however, you will not be required to be immunized if IDJC is provided: 1) a signed statement from a licensed physician that your life or health would be endangered if the required immunization(s) are given; or, 2) you sign a statement containing your name and a description of objections you have to particular immunization(s) for religious or other reasons.

2. **Emergency Medical Care:** Every effort will be made to obtain your consent for specific, major medical procedures recommended by the medical provider, but should you be unable to provide consent, the Department will take whatever measures are necessary to provide emergency medical care, surgery, or hospitalization when a delay in providing medical services will endanger your life or health.

3. **Urinalysis Testing:** Urinalysis detects the presence of a variety of drugs in the urine. Urine samples are collected from all residents on a random or “surprise” basis and submitted to a professional laboratory for screening. There may be consequences from a positive urinalysis test, including your removal from contract care placement, and/or criminal charges.

4. **Mental Health Treatment:** If, as part of the Department’s policy of providing the best mental health care available for juveniles, competent medical authority determines that you would benefit from a regimen of psychopharmacology, you will be notified that psychotropic medications consistent with your psychiatric diagnosis have been prescribed. The Department’s physician will make all determinations as to the types of medication used while you are in custody.
MEDICAL INFORMATION—Consent Required
Please initial on the line provided next to each category to indicate your permission.

I, ______________________________________________ (juvenile’s name) am over the age of eighteen (18) and hereby give my permission for the following:

_____ 5. Testing for and Release of Information Regarding HIV Antibody and Other Pathogens: Idaho law requires the Department to test certain incarcerated persons for HIV/AIDS and other bloodborne diseases. In addition, the law allows juveniles ages 14 and older to be tested upon their own request.

This information will be provided only on a “need to know” basis. By marking this, you release our physician and/or the district health department from any and all responsibility concerning the release of this information.

_____ 6. Treatment Records Release: You give permission to any and all agencies or other healthcare providers that have previously provided you with mental health, medical, or dental treatment to release any or all information related to such treatment to the Idaho Department of Juvenile Corrections.

By initialing here, you also give permission for all entities and individuals who have provided healthcare to you while you are in custody, to release all of those healthcare records to the Department upon its request. This includes all mental health and medical records, including psychiatric or psychotherapy notes.

This consent is valid for three (3) years from the date of execution. I understand that I can withdraw my consent only in writing. I am authorized to sign this Release of Information and Consent because I am over the age of eighteen (18) and am a juvenile who is committed to the Department.

This form will follow you as you are placed. Information generated by this release will be maintained in the Idaho Department of Juvenile Corrections’ statewide database and confidentiality will be preserved and unauthorized disclosure will be prevented in accordance with department, state, and federal regulations.

Facility/Personal Belongings Liability Release: You give your permission to have your possessions and personal belongings be with you while a resident. You understand that the facility will not replace this property if lost, stolen, or broken. When you complete the facility’s program, you may take property with you.

Register for Roadside Safety Instruction Program – Release Participants Over Age 18 (Adopt-A-Highway Participation Release): You release and discharge the state of Idaho, the Idaho Transportation Board, the Idaho Transportation Department, and their officers, agents, and employees, from all claims, demands and causes of action of every kind whatsoever for any damages and/or injuries which may result from your participation in the Adopt-A-Highway Program and other voluntary activities on or near the highway rights-of-way. You agree to hold harmless the state of Idaho, the Idaho Transportation Board, the Idaho Transportation Department, and their officers, agents, and employees, from liability for any damages or injuries resulting from any negligence or willful wrongdoing on your part during your participation in said voluntary activities on or near the highway rights-of-way.

Out of Facility Release: You give permission to participate in low-risk social and recreational outings supervised by the residential program staff, including but not limited to: swimming, shopping, dining, hiking, camping and special events.

If there are any activities in which, for health or other reasons, you do not wish to participate, please note the activities and your concerns:

______________________________________________________________________
______________________________________________________________________
______________________________________________________________________

You may participate in water activities where a certified lifeguard is not present as long as at least one (1) supervising adult is a competent swimmer: Yes ___ No ___
Parent/Guardian to Participate in Counseling: Whenever possible, the Department attempts to involve parents/guardians in a juvenile’s treatment program even when said juvenile is over the age of 18. You understand that participation in family therapy sessions with a qualified therapist is part of your regular rehabilitation programming. You agree to comply with the conditions of family therapy as stipulated by your therapist. *Note: the court may have ordered such participation. See your Court Order.

Release of Records to Juvenile Probation: The Department partners closely with county juvenile probation officers, who are officers of the court, to plan your reintegration into the community. You hereby give permission to the Department to share otherwise confidential information about you, including Observation and Assessment and placement documents, with the probation officer assigned to your case. Any information shared will be to assist the probation officer with planning your reintegration into the community.

AFTERCARE SERVICES

Re-Entry: If you decide to access re-entry/transitional services after release from Idaho Department of Juvenile Corrections, you give the Department permission to release treatment information to the designated Re-Entry provider(s) to assist in the development of a Re-Entry plan to access services. A Re-Entry plan will be developed 90 days prior to release.

Functional Family Therapy (FFT): If you decide to access FFT services while still in Department custody, you give Idaho Department of Juvenile Corrections permission to release treatment information to the designated FFT provider(s) to assist in the development of an FFT treatment plan. An FFT referral will be requested by the JSC and approved by the regional Clinical Supervisor.

Health and Welfare Services: If you decide to apply to the Idaho Department of Health and Welfare for services after release from the Idaho Department of Juvenile Corrections, you give the Idaho Department of Juvenile Corrections permission to release treatment information to Idaho Department of Health and Welfare to assist in the completion of the application. The application process should be started six months prior to release.

This consent is valid for three (3) years from the date of execution. I understand that I can withdraw my consent only in writing. I am authorized to sign this Release of Information and Consent because I am over the age of eighteen (18) and am a juvenile who is committed to the Department.

This form will follow you as you are placed. Information generated by this release will be maintained in the Idaho Department of Juvenile Corrections’ statewide database and confidentiality will be preserved and unauthorized disclosure will be prevented in accordance with department, state, and federal regulations.
