To: District 5 Juvenile Justice SUDS Committee  
From: Liza Crook, Behavioral Health Program Manager  
Re: District 5 Plan and Operational Protocols for SUDS

---

The appropriation of state general fund dollars to the Idaho Department of Juvenile Corrections for justice involved juveniles has provided a great opportunity. We have all worked very hard to devise and implement a service delivery system for justice involved juveniles that builds upon the strengths of existing partnerships and that provides decision-making authority at the county probation level.

Thank you for your work in developing a substance use disorder plan for your district. Development of a district team of juvenile justice administrators and stakeholders, a local treatment authorization and utilization management process, and a system to submit information to our department allows enhanced reporting and ensures fiscal accountability statewide. The plan submitted by your district reflects well on the level of commitment, collaboration and determination that each of you have for the delivery of effective substance use disorder services for justice involved youth in Idaho.

Please consider this your approval for your plan, effective 02/24/2022-02/24/2023. As a reminder, plans are reviewed and re-submitted annually. In order to receive an allocation please ensure that your plan is submitted before the expiration date. The final plans will be posted on our website at [www.idjc.idaho.gov](http://www.idjc.idaho.gov).

Thank you for your partnership.
