Idaho Department of Juvenile Corrections

PARENTAL RELEASE OF INFORMATION AND CONSENT

MEDICAL INFORMATION AND CONSENT

Although the Idaho Department of Juvenile Corrections (IDJC) is not the legal guardian of your child, it does become the <u>legal custodian</u> during the period of commitment. Idaho law requires that the IDJC, as legal custodian, provide reasonable health care to each juvenile in its custody. This form provides both information about the types of health care and testing the IDJC is legally required to provide, even without a parent's consent, and identifies other items where your consent or denial is needed before your child can participate. Please read carefully. If you have questions about any of these items, please ask staff to explain.

MEDICAL CARE AND TREATMENT

Your input about your child's medical situation is always valued by the IDJC, and will be sought whenever possible. The IDJC will always attempt to notify you of any medical care (other than routine) that your child receives, but your prior written consent is **not required** for the IDJC to provide these services. <u>Please initial each</u> item to acknowledge understanding:

Provided, however, your child will not be required to be immunized if IDJC is provided:

- a) A signed statement from a licensed physician that your child's life or health would be endangered if the required immunization(s) are given; or,
- b) You sign a statement containing the name of your child and a description of objections you have to particular immunization(s) for religious or other reasons.

Any immunizations given to your child will be documented in Idaho's Immunization Reminder Information System (IRIS). Participation in IRIS is voluntary and you may opt out at any time by contacting the Idaho Immunization Program at (208) 334-5931 and requesting and completing an opt-out form and notifying the IDJC.

- 2. Emergency Medical Care: Every effort will be made to contact you to obtain consent for specific, major medical procedures recommended by the medical provider, but should we be unable to reach you, the IDJC will take whatever measures are necessary to provide emergency medical care, surgery, or hospitalization in your absence or unavailability when a delay in providing medical services will endanger the life or health of your child.
- **3. Mental Health Treatment:** If, as part of the IDJC's policy of providing the best mental health care available for juveniles, competent medical authority determines that your child would benefit from a regimen of psychopharmacology (medications to treat mental health conditions), you will be notified that psychotropic medications consistent with your child's psychiatric diagnosis have been prescribed. The IDJC's physician will make all determinations as to the types of medication used while your child is in custody.

MEDICAL AND PROTECTED HEALTH INFORMATION—Parent Consent Required

Please initi	al o	on the line provided next to each category to indicate your permiss	sion.	
I,		the parent/guardian of	(child's name)	
hereby give	e my	ny permission for the following:		
	4. Testing for and Release of Information Regarding HIV Antibody and Other Pathogens: Idaho la requires the IDJC to test certain incarcerated persons for HIV/AIDS and other bloodborne diseases. I addition, the law allows juveniles ages 14 and older to be tested upon their own request. However, if your child asks for an HIV/AIDS or related test, but is:			
		a) under age 14, and		
		b) the law does not require them to be tested; you must give be done. In that case, please initial if you authorize our please to test your child, who is under the age of 14, for HIV a and to release their test results to the facility wherever transferred or committed your child to us, and medical/de	hysician or the district Health Department intibody and other bloodborne pathogens, you child is placed, to the person(s) who	
		This information will be provided only on a "need to know" physician and/or the district health department from any and release of this information.		
	5.	Treatment Records Release: You give permission to any and that have previously provided your child with mental health, n and all information related to such treatment to the Idaho Depart	nedical, or dental treatment to release any
