

Internship Opportunity

With the Idaho Department of Juvenile Corrections
Community, Operations, and Program Services (COPS) Division

Jump into Idaho's juvenile justice system and gain hands-on experience in research, compliance, and program operations. Build your communication and project management skills while preparing for a future career in criminal justice, public policy, or social services, and make a real impact along the way.

EXPERIENCE HIGHLIGHTS

- **Compliance:** Support policy reviews, data organization, and quality assurance efforts.
- **Interstate Compact for Juveniles:** Learn cross-state case management processes and compact requirements.
- **Training:** Help plan and organize statewide training for juvenile justice professionals.
- **Behavioral Health:** Support trauma-informed, evidence-based initiatives.
- **Projects & Research:** Research best practices and assist project coordination.
- **Collaboration:** Join meetings and support communication with partners.

KEY RESPONSIBILITIES

- Support COPS Division projects, reports, and policy work.
- Research best practices in juvenile justice.
- Organize compliance documents and training materials.
- Attend meetings and record notes as needed.
- Maintain confidentiality and follow IDJC standards.

For additional information, please email: IDJCProjects@idjc.idaho.gov

Ideal candidates are students in Criminal Justice, Public Policy, Social Work, Psychology, or related fields with strong communication skills, the ability to work independently, and professionalism. Microsoft Office proficiency is required; research or data experience is a plus.
